- You are ensuring that your students attend all conference related events and workshops on time.
- You agree to monitor the behavior of your students to ensure that they follow conference protocol and rules and ready to participate in the conference workshops and discussions.

Conference Information

Women2Women - America 2012 (W2W 2012) is a program of the Women2Women International Leadership Program sponsored by Empower Peace. W2W 2012 is an opportunity for young women ages 15-19 to participate in an educational cultural exchange in Boston, Massachusetts, USA. W2W 2012 will provide participants with the opportunity to learn, network and acquire leadership skills that will empower them to make a difference in their respective communities and countries. Participants will also have the opportunity to meet and develop friendships with their peers from around the world.

Women2Women America 2012: Claim Your Seat at the Table

The Women2Women – America 2012 conference will focus on how your students can “Claim Their Seat at the Table” and empower other young women to do the same. Your students will have the opportunity to learn about the current status of women and girls around the world, as well as the social and economic progress that is possible when women and girls have the opportunity to participate fully in every aspect of society. Your students will meet with leading figures tackling these challenges on an international scale, and develop their leadership skills so they can make a difference. Perhaps most importantly, you and your students will be joining a lifelong, global network of women who support each other and work together to contribute to positive change around the world.

The Challenges

Despite much progress, women and girls are still the most discriminated-against group in the world. Consider these facts:

- Of the 1 billion people living in absolute poverty around the world (unable to secure basic life necessities), 60% are women and girls.
- Women make up 2/3 of the estimated 876 million adults worldwide who cannot read or write; and girls make up 70% of the world's 130 million youth not attending school.
- Women contribute 2/3 of the world's working hours, yet earn only 10 percent of the income.
- 14 million girls aged 15-19 give birth in developing countries each year.
- Every minute of every day a pregnant woman dies from mostly preventable causes.
- At least one out of every three women and girls will be severely beaten in her lifetime.
- Women earn 78 cents to every dollar earned by a man.

There is no community in the world, unfortunately, untouched by these issues. It's time to come together and make a difference.

The Solutions

While the statistics above are shocking, so too are the results when women and girls are able to participate fully in society. Women involved in the political, social, and economic life of their countries and communities are better-positioned to increase attention for women's rights. Simply providing women and girls with an education can lead to

healthier families and children, less poverty, and stronger national economies. Education also equips women with the knowledge and skills needed to realize their potential and protect themselves from harm. By participating in W2W 2012, your students will learn how to claim their seat at the table and become part of the solution.

Schedule

W2W 2012 will take place from Saturday, July 7, 2012 through Sunday, July 15, 2012. July 7th and July 15th are considered travel days.

The conference will include: team-building activities; seminars and workshops with prominent leaders doing important work in government, media, business, science and technology, and non-profit; leadership development exercises and skill-building; outreach events with other youth and community leaders; and cultural activities. Participants, including teachers, are required to partake in every conference activity.
